

Hinge Installation Position for Different Doors

Hinge Installation Numbers Table

door height > 2800mm = special dimension					1. The door weight should be less than the hinge loading capacity, other heavier hinges will be suggested for heavier doors. 2. It's not suggested to install five and above hinges for all doors. 3. The hinge loading capacity will be calculated separately if used with door closer.
2800	3	4	4	4	
2700	3	4	4	4	
2400	3	3	4	4	
2300	3	3	3	4	
2200	2	2	3	3	
2100	2	2	2	3	
2000	2	2	2	3	
	600	800	900	1000	door width > 1000mm = special dimension
door height (MM)					door width (MM)

*NOTE: Pls contact the technical department for more information for other circumstances.
